SECURITY

25X1

[redacted] was Ch/Sec [redacted] in Jan 1962.

25X1

25X1

18 Jan 1962 meeting of COMOR recommended complementary procedures for [redacted] These related principally to the necessity to communicate via electrical channels with all members of the community, and with the needs [redacted] for manuals, rubber stamps, cover sheets, briefing forms, oaths etc.

25X1

25X1

During the month of January 1962, steps were being taken to implement the [redacted] throughout the intelligence community: the member agencies within the system were the same as those represented on the COMOR. (CIA, USAF, USN, USA, NSA, DIA, ~~State, White House~~)

25X1

The crypto channel through which [redacted] is sent electrically 25X1 is [redacted] Since the Agency (~~DDS&T/OSA~~) controlled the communication channel, [redacted] for 25X1 CIA had the responsibility for disseminating the rules and regulations for this traffic (which at the beginning related only to Project IDEALIST).

*but within a short time also included ~~Carson~~*
